NETGEAR®

AC1200 WiFi USB Adapter — 802.11ac Dual Band, USB 3.0

Performance & Use

AC1200

300/900
DUAL BAND

RANGE

- Ultimate range and performance with 802.11ac
- Faster access with USB 3.0
- High gain antennas for improved performance
- Stream multiple HD videos simultaneously
- Works with all standard WiFi — 802.11 a/b/g/n and ac devices

The NETGEAR Difference – A6210

- Beamforming+ technology boosts speed, range and reliability
- Desktop dock for flexible placement
- Push 'N' Connect — Secured connection at the push of a button
- Easy NETGEAR genie® setup

Overview

The NETGEAR AC1200 WiFi USB Adapter with high-gain antennas provides USB 3.0 for 3x faster access than USB 2.0. Wirelessly connect your notebook or desktop computer to an 11ac network for applications such as lag-free, multiple HD streams throughout your home, online gaming and a secure and reliable connection to the Internet. NETGEAR genie® is included for easy installation. With the NETGEAR Push 'N' Connect feature, enjoy a secured wireless Internet connection, at the push of a button.

Compatible with next generation WiFi devices and backward compatible with 802.11 a/b/g/n devices, the AC1200 WiFi USB Adapter delivers speeds up to 300/867 Mbps† and dual band WiFi technology. The adjustable high-gain antenna provides improved performance. In addition, Beamforming+ technology boosts speed, range and reliability of WiFi connections.

Flexible placement design for laptops

Desktop dock provides option for desktop placement

NETGEAR®

Speed

Speed makes all your devices really go. And anyplace you need speed, with NETGEAR you got it. USB 3.0 provides faster access, while extreme download speeds of up to 300/867 Mbps[†] enable applications like multiple HD video streaming. Next generation 11ac WiFi with dual band technology provides whole home coverage and everything you need for a fast, fast connected home.

NEXT GENERATION WIFI—300/867 Mbps[†] speeds

WiFi Range

Homes come in all shapes and sizes. The NETGEAR AC1200 WiFi USB Adapter boosts WiFi connectivity throughout your home for all your Internet-enabled devices.

ULTIMATE RANGE—WiFi coverage throughout your home

Reliable Connections

Stay connected—with your devices, your media, and your friends. Dual band WiFi provides two separate WiFi networks—2.4GHz for legacy devices and 5GHz which is less interference-prone for media streaming.

ANTENNA—Optional antenna positioning for additional performance

DUAL BAND—Reduces interference for better connections to more WiFi devices

NETGEAR®

AC1200 WiFi USB Adapter — 802.11ac Dual Band, USB 3.0

Ease Of Use

NETGEAR genie software on a CD makes it easy to connect to a wireless network. Or, use Push 'N' Connect to add devices to your home network with a push of a button.

COMPATIBLE—Works with 802.11 a/b/g/n and ac WiFi routers

PUSH 'N' CONNECT—Easy push button WiFi connections (WPS)

EASY INSTALL—Includes NETGEAR genie software on a CD for simple installation

DESKTOP DOCK—Provides option for better desktop placement

Applications

With the AC1200 WiFi USB Adapter, connect a laptop computer to a next generation 11ac home network for applications such as lag-free multiple HD streaming, multi-player online gaming, ultra-fast, reliable connection to the Internet and a secure wireless connection.

Ideal uses

Emailing, chatting, surfing, music and video streaming

Online gaming

HD Streaming

Multiple HD streaming simultaneously
